Settling In

**Community Compass
Inc.**
Helping Clients Discover
Edmonton

Description

The Settling In option is highly customized and includes extensive pre-arrival information exchange on topics such as temporary accommodation, banking, insurance, transportation alternatives, and vehicle licensing. A face to face orientation meeting followed by a comprehensive city lifestyle tour, including visits to neighborhoods matching their interests. Community Compass consultants will arrange for, and accompany participants to meetings with community contacts and local experts. Research on topics pertinent to the family and on-going support are included in this package. A comprehensive binder of participant-specific resource material for current and future reference is included. Take advantage of an independent, objective viewpoint and enjoy a smooth transition to the city!

Audience

This will be of interest to those who have accepted a position and are preparing to move to Edmonton.

Process

Community Compass will interview the participants via email or telephone prior to arrival and on-going information exchange will begin. Upon arrival, Community Compass Consultants will meet the participants for a face-to-face orientation and accompany them through their personalized itinerary. Support will continue until the family is comfortably settled in.

"We employ a personalized, integrated approach to helping individuals and families make the transition to a new city or country."
