Spousal/Partner Employment Support

Description

The Spousal/Partner Employment Support is a personalized service designed to assist spouses and partners of new staff members explore the employment opportunities that may be available to them in the Edmonton area. The focus is on assisting the spouse/partner identify and realistically assess their employment opportunities in the Edmonton region. The service is not an employment service in that it does not guarantee employment.

Audience

This service may be of interest to the spouses and partners of new staff members who have recently relocated to Edmonton or who are contemplating a move to Edmonton.

Process

Representatives from Community Compass will meet with the spouse or partner and discuss skills and experience, provide some industry specific information, and work with the individual to identify a list of appropriate companies or industry contacts.

"Bringing people together is what we do!"
