# 'Your Edmonton'

## Explorer

### Description

The Explorer provides a customized itinerary which will take participants on a comprehensive city lifestyle tour, including visits to neighborhoods matching their interests. Stop in at schools or child care facilities and check out recreational facilities. Ask plenty of questions; research on topics pertaining to your family are included in this package. Prepare for a full and adventurous visit to Edmonton! A variety of documents and brochures tailored to the family will also be provided.

### Audience

This service will be of interest to candidates strongly considering a move to Edmonton. It may also be appropriate for those who have decided to make the move but require only limited support.

### Process

Representatives from Community Compass will interview the participants via email or telephone prior to arrival. The information gathered will be used to develop a customized itinerary. Upon arrival, Community Compass Consultants will meet the participants at a pre-determined location, take them through their customized itinerary and return them to a location of their choice.

*"We will provide you and your family with an objective snapshot of your potential lifestyle, addressing each of your family members' specific interests and concerns."*
