# 'Your Edmonton'

## Overview

Edmonton is a sophisticated, modern city with the warmth of western hospitality. It is an exciting place to live and a great place to bring up a family. However, moving can be stressful. The relocation support services provided by Community Compass Inc. are designed to reduce any apprehension a potential or new employee, their partner and their children may have about relocating to Edmonton.

'Your Edmonton' will help get a family established quickly, minimizing the stress around moving and allowing more time to enjoy our beautiful city.

'Your Edmonton' offers three options.; The Observer, The Explorer and Settling In.

**The Observer** - a quick overview of the city from either a lifestyle or community perspective

**The Explorer** - a personalized introduction to the city, including topical research and visits to places of interest to the participant

**Settling In** - comprehensive assistance with all aspects of the move, including pre and post arrival support, an orientation on living in Edmonton, meetings with local experts and a personalized information package

Package customization as well as upgrades between packages can be made upon request. In addition, assistance with a rental search is also available.
